Circular 2 Special Move-in and Move-out Arrangement

Special traffic arrangements will be implemented to minimize pressure to traffic caused on the move-in day (i.e. 6 November) and move-out day (i.e. 9 November) of the **HKTDC Hong Kong International Wine & Spirits Fair**. These measures would be beneficial to both our valued exhibitors as well as the general public. Exhibitors are recommended to pay attention to the details of the new arrangement as below:

Special Move-in Arrangement (6November 2024)

Exhibitors should use the newly launched "Go HKCEC" mobile App and the Electronic Vehicle Permit issued by HKTDC with specified time slot to carry out the move-in process. Please also pay attention to the following details:

- 1. Drivers have to download the "Go HKCEC" to their mobile phones. After registration, drivers have to scan QR code on Move-in Vehicle Permit issued by HKTDC and follow instruction of the App for getting a ticket before the move-in day. Drivers MUST pay attention on ticket number or notification on the mobile App on move-in day and follow the instruction to get an entry code (QR code) before go to the HKCEC.
- 2. Upon arrival at the vehicle control point, the driver MUST first present the **entry code (QR code)** shown on the **"Go HKCEC" App**, queue up and wait for further instructions given from the attendant of HKCEC. The waiting time may vary and would depend on the total number of vehicles, move-in speed and the prevailing traffic condition in the loading area.
- 3. If the loading area becomes overloaded, further measures will be implemented at discretion.

Special Move-out Arrangement (9 November 2024)

Exhibitors should use the Move-out Vehicle Permit with specific time slots to carry out the move-out process with the following details:

A. Lorry / Light Goods Vehicle

(Entries to the HKCEC will **only be allowed** to goods vehicles with the **"Go HKCEC" App** and the **Electronic Vehicle Permit** issued by HKTDC)

Move-out procedure

- 4. Drivers have to download the "Go HKCEC" to their mobile phones. After registration, drivers have to scan QR code on Move-out Vehicle Permit issued by HKTDC and follow instruction of the App for getting a ticket before the move-out day. Drivers MUST pay attention on ticket number or notification on the mobile App on move-out day and follow the instruction to get an entry code (QR code) before enter the HKCEC at the specified time slot for move-out.
 - 1. Upon arrival at the vehicle control point, the driver <u>MUST</u> first present the <u>entry code (QR code)</u> shown on the "Go HKCEC" App. Drivers should then queue up and wait for further instructions. The waiting time may vary and would depend on the total number of vehicles, move-in speed and the prevailing traffic condition in the loading area.
 - 2. If the loading area becomes overloaded, further measures will be implemented at the Organiser's absolute discretion.

B. Other Transportations

Private vehicles and **taxis** will be allowed to enter the HKCEC at the discretion of the traffic control attendants during the move-out period. No waiting or parking at the HKCEC is allowed.

According to the traffic conditions, the police may implement traffic diversions at the vicinity of HKCEC on the move-in and move-out day.

Exhibitors requiring the use of the 40 ft. container size lifts for the transport of bulky stand materials should apply in advance with the HKTDC for special vehicle permits.

Please note that vehicle passes are not parking permit. All vehicles / trucks must leave the loading bay after the loading of their exhibits.
