To ensure smooth Internet access during the fair period for business usage that requires stable connection (such as website demonstration, download of multimedia files, remote access to company server, etc.) throughout the Fair, exhibitors are advised to order a dedicated Broadband Line inside your booth, instead of relying on the Wireless LAN service provided by HKCEC (Please

refer to **FORM 5** in the “Order Forms”).

All exhibitors are kindly reminded that the free Wireless LAN service operated by HKCEC intends only for light and casual usage by a limited number of users simultaneously. The wireless connection may fail or become slow and/or unstable during the fair period, and the logged in device will be disconnected from the Service if there is a prolonged idle time of 240 minutes.. As an alternative to the free Wireless LAN service, broadband connection will be set up by HKTDC in designated areas of the Fair for both exhibitors and buyers. Exhibitors are advised, if needed, to rent their own Wi-Fi router or pre-paid sim card for the use of e-payment devices that do not support broadband line connection.

If you encounter any problem with the Wireless LAN service onsite, please approach the Fair Management Office set onsite for assistance.
