

Circular 3 Move-out Regulations

Please note that buyers/visitors will utilize all opening hours during the 3-day event to schedule and complete their visits to the Fair. We have received complaints about exhibitors who removed all their exhibits well before the official closing time. In order to maintain a good image of the Fair and the exhibitors' professionalism, and to protect all exhibitors and buyers/visitors as well as their interests, the **move-out of exhibits is prohibited before 6:00 p.m. on 7 November 2026**. According to clause 46 in the exhibition regulation as listed on the application form – no stand or exhibits shall be dismantled or removed before the official closing time. Our staff will conduct on-site spot-checks on 7 November 2026, any exhibitors who violate this rule will be issued a warning letter. This may affect the booth selection priority for future editions of the Fair for those exhibitors who violated the rule. In addition, the Organiser reserves the right to reject their future participation in the Fair. Grateful for your understanding and cooperation.
